

PEORIA AND GLENDALE CLUBS ARE GUESTS OF WASHINGTON WOMEN

The Woman's club of Washington district held its regular meeting on Friday afternoon at the school auditorium. The Peoria and Glendale Woman's clubs were guests of the afternoon from which there was a good representation. A short business meeting was held.

The committee which has been investigating the hot lunch proposition for the school children reported that they had been unable to secure the proper backing from the school board at this time and the matter would have to be dropped for the present. The many parents and teachers who feel that this is a progressive and much needed movement are still hoping that some plan may be worked out to establish hot lunches in the school. The club voted to give the undernourished children milk free of charge.

After the singing of a pretty group of three songs by Mrs. H. C. Lockett, accompanied by Miss Middleton, the ladies were invited to the exhibit where a splendid art and craft show was arranged by a committee on fine arts, of which Mrs. J. C. Muderbach is chairman. Among the many excellent paintings were nine from three members of the Middleton family. Antiques from the University of Arizona and many rare and beautiful things were shown. Members of the club made an exceedingly interesting collection.

Delicious refreshments were served during the afternoon by the hostesses. Mrs. Thomas Sobey, Mrs. A. T. Sobey, Mrs. William Swartz, Mrs. F. C. Fuller, Mrs. R. Q. Grimes and Mrs. Charles Roy.

The farm bureau drew another big crowd on last Tuesday night to hear the address on "Americanization" by Mrs. Shaw of Grand Rapids, Mich. Excellent music was furnished by a boys' quartette composed of Harold Slink, Warren Keeler, Claybourne Lockett and Max Gardner. Mrs. Lockett sang "Arizona, Land of Mine," by request, the audience joining in the chorus. The Washington mixed quartette sang "Sweet Genevieve" and "God Night, Ladies," with some original variations.

Mrs. Shaw proved to be a very interesting speaker. Her subject was "How to Make a Better American Citizen." This she declared, must begin with the training of the boys and girls both in the home and at school. She complimented the people of the district most highly on their splendid schools and the effort being made to make this a strong community center.

The members of the community social committee, composed of Frank Hilgeman, chairman; Mrs. W. J. Tetzloff, Mrs. A. T. Sobey, Mrs. F. C. Fuller, Rev. George White, Mrs. Dale Randeman, Miss Lucile Middleton, Mr. Leek, Mr. Muderbach and C. W. Steele are requested to meet at 7:15 p.m. before the farm bureau meeting Tuesday night to make arrangements for the play which the Peoria Woman's club wishes to give on the Washington school stage, Dec. 2, and has asked the community committee to handle.

The Young Peoples club and the Christian Endeavor held a joint meeting Friday night at the auditorium with a fine attendance. Plans were made to fill a Christmas barrel for some needy families. A Thanksgiving sunrise service, to be held near Bryant's camp was also planned. The young people extend an invitation to the entire community to be present at this service. They would also be glad to receive any old garments that could be mended and used in their barrel; also contributions of fruit or vegetables would be welcome.

C. Leek, janitor of the school, resigned from the school board. Leek has given excellent service as a member of the board and it is with much regret that the community sees him leave. A new curtain has been hung in school auditorium. It is a beautiful piece of art, showing Squaw at sunrise. The people of the district have an auditorium and a place of which to be proud. The members of the school board, Albert Ventral, Mrs. W. J. Tetzloff and D. C. Leek, deserve unlimited credit for making one of the most attractive community centers in the state when they planned and saw to completion the \$50,000 addition to the school, voted by the district a year ago.

William Elwell was suddenly called to venture, Calif., last Sunday to the death bed of his father. The elder Mr. Elwell was 85 years of age and passed away before his son could reach his bedside.

Mr. and Mrs. Frank Hilgeman are entertaining a party of six friends and relatives who are enroute to the coast from Fort Wayne, Ind. They are Mr. and Mrs. Bittner and daughters Esther and Lula and Mr. and Mrs. Knoll.

There is a vacancy on the school board which must be filled as soon as possible. It has been suggested that a candidate who has children in the school be put up for election from the west end of the district which extends four miles beyond the school house, so that the interests of all parts of the large district may be represented. A petition containing 10 per cent of the voters of the district is necessary to put a candidate on the ticket, according to the new school law.

Portable electric receiving apparatus, just invented, is slightly longer than a fountain pen.

Jenny Lind's voice first attracted attention when she sat at the window singing to her pet cat.

Many of the trees in California's giant forests are more than 400 years old.

Market News

NEW YORK, Nov. 23.—Extensive buying of Liberty bonds at the year's highest quotations featured today on the stock exchange, the share 1st showing no material alteration from recent professional and uncertain conditions.

The demand for Liberty issues, which later extended to other bonds, notably several foreign war flotations, seemed to emanate from substantial sources and again was accompanied by indications of easier money.

Demand loans opened at 5 per cent, but the light inquiry at that figure forced the rate to 4 1/2, with the usual easing from that quotation in private offerings. Much money was available for one to two months accommodations and concessions were made on high grade commercial paper.

Concurrent short selling and covering in stocks of the same descriptions made for confusion. The only issues to register more than nominal changes, mostly upward, were specialties of the utility, chemical and minor industrial types.

Dealings in rails were unusually contracted and many popular industries, such as steel, equipment and motors, held within fractional bounds, while oils reflected profit-taking over the impending holiday. Sales 675,000 shares.

Remittances to neutral countries, particularly Holland and Sweden, at rates of 15 to 20 points, featured the foreign exchanges. Sterling was firm but rates to the other allied countries showed further heaviness.

In addition to the five Liberty issues which scored maximum prices, French municipals displayed marked strength. Many domestic rails, especially convertible issues, were at their top prices for a year or more. Total sales, par value, \$20,750,000.
